PROFESSIONAL SUMMARY

Product Designer with 4+ years of experience designing fintech, AI, SaaS, and Web3 products from concept to launch. I partner with founders and engineers to transform complex ideas into intuitive digital experiences across web and mobile, with expertise in product strategy, UX design, design systems, and AI-assisted product development.

EXPERIENCE

Founding Product Designer | Ewave Finance

July 2025 – Present

- Lead end-to-end product design for a stablecoin-powered neobank, partnering directly with the founder from discovery through beta launch.
- Designed the responsive landing page, web application, mobile application, and scalable design system from the ground up.
- Created secure user experiences for onboarding, wallet management, transfers, bill payments, and cross-border transactions.
- Contributed to a beta platform that has processed over ₦50M in transactions.

Product Designer | TES Digital (Digital Product Agency)

February 2024 – October 2025

- Designed digital products for startups across fintech, SaaS, healthcare, logistics, education, and e-commerce.
- Led UX improvements for multiple client products, including a Canadian fintech redesign and the Prestock website redesign.
- Collaborated with founders, developers, and product teams to deliver responsive, user-centered web and mobile experiences.

UI/UX Design Lead Tutor | TechCrush

October 2024 – Present

- Mentored 3,000+ aspiring product designers across multiple UI/UX bootcamp cohorts.
- Led curriculum delivery and reviewed thousands of student capstone projects.
- Coached students in product thinking, UX strategy, and portfolio development.

Contract Product Designer | Swift Connect

August 2024 – December 2024

- Led the design of the mobile app, web application, website, and admin dashboard.
- Worked closely with founders and developers to deliver intuitive fintech experiences.

Product Designer | Renitrust

August 2022 – May 2023

- Redesigned key web and mobile fintech experiences through UX research and interface improvements.
- Collaborated with cross-functional teams to improve usability and customer experience.
